

# Paediatric Epilepsy Training

Level 1

Llantrisant, South Wales, 16 July 2008

## GENERAL INFORMATION

This course has been developed to improve practice within childhood epilepsies. It is suitable for all health professionals providing primary or secondary level care for children with epilepsy including:

- Consultant paediatricians
- Trainee paediatricians, trainee paediatric neurologists and trainees in neurodisability
- Consultants in Accident and Emergency and those in training
- It is also recommended for all those planning to undertake PET2 training should first complete a PET1 course.
- Nurses in primary care, A&E and paediatrics
- Neurophysiologists and EEG technicians

## COURSE PROGRAMME

This is a one-day course, which will be delivered in venues around the UK by Paediatric Neurologists and General Paediatricians with expertise in epilepsy. The day will consist of short didactic teaching sessions and interactive workshops. A course workbook with essential learning material will be circulated to attendees before the course. There will be **36 participants only** on each course.

8.30 – 9.00am	Registration and coffee
9.00 – 10.45am	Session 1: Introduction History taking (lecture) 'Fits, faints and funny turns' (lecture) Simple faints (workshop) Febrile seizures (workshop)

# Paediatric Epilepsy Training

Level 1

Llantrisant, South Wales, 16 July 2008

## OBJECTIVES

By the end of the study day participants will be able to:

- Define: seizure, epilepsy, epilepsy syndrome and be able to provide a simple classification of epilepsy.
- Describe the different seizure types eg absence, myoclonic, tonic clonic, tonic, atonic, focal motor and focal sensory.
- Give differential diagnosis for seizures, and how to distinguish epilepsy from syncope (simple faints, reflex anoxic seizure, breath holding) and inattention (day-dreaming, pre-occupation).
- Manage the first seizure event (not status epilepticus management).
- Appreciate the contribution made by EEG and neuro-imaging.
- Describe the principles of treatment, the indication for anti-convulsants and the well-known side effects of these drugs.
- Offer practical advice for parents and children with epilepsy.

## DATES AND LOCATION

This level 1 course is a one day course and is being held on Wednesday 16 July 2008. The course is being held at: Post Graduate Centre, Royal Glamorgan Hospital, Ynysnadrdy, Llantrisant, CF72 8XR.
